## PROFESSIONAL SUMMARY

Accomplished NCQA/HEDIS, CMS Stars, and FEP professional with nearly 7 years of experience spanning the Payer, ACO, and VBC landscapes. I specialize in the end-to-end architecture of Medicare Advantage Stars programs, with a deep understanding of provider engagement, HEDIS MRR audits, and CMS regulatory shifts. By pivoting into Analytics and Data Science, I have bridged the gap between clinical activity and administrative reporting, designing Power BI dashboards that ensure quality care is accurately captured and ingested. Driven by the principle that 'data management is the foundation of a successful Stars program,' I focus on optimizing vendor KPIs and data exchange to transform complex datasets into actionable, high-ROI strategies.

## WORK EXPERIENCE

**Blue Cross Blue Shield of Arizona** • December 2021 – Present

### Quality Measurement Analyst, Analytics and Data Science Level II (Senior Equivalent)

September 2023 – Present

- ***Strategic Advisory & Mentorship*** • Serve as the primary SME for FEP and Stars Quality teams, leveraging deep institutional knowledge to lead strategy sessions and mentor junior staff on data-driven decision-making.
- ***Advanced Analytics Architecture*** • Design and maintain a suite of sophisticated reporting tools, including Power BI dashboards and paginated reports, to track VBC and Stars performance at the TIN and provider levels.
- ***Data Integrity & "Supplemental Data Impact" Scorecard*** • Engineered a complex auditing scorecard to evaluate supplemental data ingestions, identifying critical gaps in partner submissions and recapturing thousands of previously missing clinical records.
- ***Provider Performance & P4P Tracking*** • Developed automated Pay-for-Performance (P4P) dashboards to monitor provider success across various value-based care models, directly influencing incentive distribution.
- ***Clinical Attribution Analysis*** • Authored a complex PCP utilization report to track member-to-provider alignment, identifying specialists functioning as "de facto" primary care and enabling more accurate quality outreach.
- ***Regulatory Audit & m-CAHPS Optimization*** • Conducted deep-dive audits of m-CAHPS survey data, uncovering and correcting logic errors that were unintentionally excluding positive responders from regulatory reporting.
- ***Operational Automation*** • Partner with Product Owners to automate internal workflows within Azure DevOps, streamlining project tracking and delivery timelines for the Analytics and Data Science (ADS) department.

### Manager, MA/FEP Provider Engagement and Quality Analytics

December 2022 – September 2023

- ***Departmental Leadership*** • Orchestrated the recruitment and development of two specialized teams: the Quality Reporting team (internal analytics) and the Quality Improvement Specialist team (direct-to-provider engagement).
- ***Direct-to-Provider Strategy*** • Launched the direct-to-provider Pay-for-Performance (P4P) program for non-VBC managed TINs, aligning provider incentives with Stars and HEDIS goals.
- ***Vendor & Partner Management*** • Overhauled audit processes to evaluate VBC and IHA partner performance, ensuring contractual compliance and data accuracy.
- ***Regulatory Resilience*** • Led the strategic response to CMS regulatory shifts, including 'Tukey Outlier Deletion' and guardrail implementations, to safeguard the contract's overall Star rating.

### Stars Provider Engagement Lead

December 2021 – December 2022

- ***Program Infrastructure*** • Designed the foundational engagement model for BCBSAZ's nascent Medicare Advantage program, establishing standard protocols for Joint Operating Committees (JOCs) and monthly quality reviews.
- ***Self-Taught Analytics Innovation*** • Independently mastered Power BI to build the organization's first-ever MA/Stars Quality Dashboard, providing historical, YoY, and MoM comparative performance views.
- ***Cost Savings & Standardization*** • Saved the organization more than **$200,000 in initial contractor fees** and recurring maintenance costs by developing internal reporting templates that have since become the corporate standard.
- ***VBC Gap Optimization*** • Leveraged previous Value-Based Care experience to overhaul HEDIS gap reports, transforming complex data into actionable insights that providers used to close care gaps more effectively.

## TECHNICAL SKILLS

- Power BI
- MS Excel
- MS Office
- Clinical Databases and Platforms
- Alteryx
- SAS / SQL

## WORK EXPERIENCE (*cont.*)

**Innovation Care Partners (ICP)** • July 2019 – December 2021

**Quality Analyst** • May 2021 – December 2021 // **Quality Specialist** • July 2019 – May 2021

- ***Enterprise Platform Implementation*** • Served as the lead consultant for a multi-million-dollar implementation of the Arcadia population health management platform.
- ***Systems Auditing & Testing*** • Conducted end-to-end testing of platform tools to ensure UI data met strict NCQA/HEDIS guidelines and functioned effectively for provider staff.
- ***Risk Adjustment Program Architecture*** • Designed and executed the organization's inaugural Risk Adjustment program using the CMS-HCC model.
- ***Data Standardization*** • Managed the collection, auditing, and standardization of condition-level data across Medicare Advantage and Medicare Shared Savings plans.
- ***Internal Consultancy*** • Acted as a senior advisor to other analysts, auditing their HEDIS measure closure processes and post-initiative analyses to drive network-wide performance.
- ***Training & SOP Development*** • Authored comprehensive Standard Operating Procedures (SOPs) and designed training materials for 70+ PCP practices to ensure high user adoption of new quality initiatives.
- ***Quality Initiative Engineering*** • Revamped the initiative development process by streamlining workflows in Visio and standardizing Excel templates for data output.
- ***Performance Education*** • Analyzed claims and eligibility files to construct provider education materials, resulting in measurable increases in network performance scores.
- ***Strategic Project Management*** • Partnered with vendors and project managers to maintain implementation timelines, tracking complex deliverables through innovative tracking systems.

## ADDITIONAL PROFESSIONAL EXPERIENCE

**The Boeing Company** • April 2019 – July 2019

**Mid-Level Records and Information Management Specialist**

- Developed and implemented global RIM program procedures to simplify record management across international subsidiaries.

**Plexus Worldwide** • March 2018 – April 2019

**Product Documentation Specialist**

- Collaborated with regulatory affairs and product scientists to streamline documentation for raw materials per FDA and European standards.

**Epic Medical Solutions** • July 2016 – March 2018

**Medical Records Team Lead**

- Managed a high-volume medical records and receptionist team, implementing metric systems to audit employee productivity and accuracy.

## SUMMARY OF EARLIER ROLES

- **Pearson Education** • **Enrollment Counselor**
  2015 – 2016
- **Edgenuity** • **Success Coach / Admissions Adviser**
  2014 – 2015
- **Four Directions LLC** • **Life Skills Mentor / Behavioral Health Technician**
  2013 – 2014

## EDUCATION

**Arizona State University**
August 2011 – May 2013

**Bachelor of Arts Degree in Psychology, Minor in Human and Family Development**

- 3.0 GPA
- 4 years of education in American Sign Language

**Chandler-Gilbert Community College**
August 2009 – May 2011

**Associate of Arts Degree in Psychology**

- 4.0 GPA
- President's Honors List
